LOUISIANA.

CAPITAL, BATON ROUGE.

Population of State, 1,381,625.
(U. S. Census of 1900.)
Number of Physicians, 1,529.

Louisiana, named in honor of Louis XIV., King of France, was admitted as a State April 30, 1812. It is bounded on the north by Arkansas and Mississippi, on the south by the Gulf of Mexico, on the east by Mississippi, and on the west by Texas, and extends from 89 degrees 30 minutes to 94 degrees west longitude, and from 29 degrees to 33 degrees north latitude. It comprises an area of 41,346 square miles, or 26,461,440 acres. The State throughout is a low, alluvial plain, and the southeastern and eastern counties are swampy, while those in the northwest and west, being somewhat hilly, are better drained. Much of the soil bordering on the Mississippi is below the level of the river during high water, and is protected from inundation by levees of earth similar to the dikes of Holland.

The climate is warm, but the winters are colder and more variable than in the same latitude on the Atlantic coast. The mean annual temperature, as observed at New Orleans, is 69.06 degrees, that of summer 81.08 degrees, and of winter, 56 degrees. The average annual rainfall is about 51 inches.

The following table shows the increase in population for 70 years:

1830	215,739	1870	726,915
1840	352,411	1880	939,946
1850	517,762	1890	1,118,587

MEDICAL LAWS OF LOUISIANA.

AN ACT—To regulate the practice of medicine, surgery and midwifery; to create State boards of medical examiners, and to regulate the fees and emoluments thereof; to prevent the practice of medicine, surgery and midwifery by unauthorized persons; and to provide for the trial and punishment of violators of the provisions of this act by fine or imprisonment, or both; and to repeal all laws or parts of laws in conflict or inconsistent with this act.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That from and after the promulgation of this act, no person excepting those already engaged under existing laws in the practice of medicine, surgery, midwifery and dentists, shall practice medicine in any of its departments within the State of Louisiana, unless such person shall possess all the qualifications required by this act.

Sec. 2. Be it further enacted, etc., That after the promulgation of this act, any person before entering upon the practice of medicine in any of its branches, dentists excepted, shall present to the board of medical examiners, as hereinafter constituted, a diploma from a medical college in good standing; said standing to be determined by the Board, and shall pass a satisfactory examination before the Board upon the following branches, to-wit.: Anatomy, physiology, chemistry, principles of medicine, obstetrics, physical diagnosis, surgery, materia medica and hygiene. The person shall also satisfy the Board that he or she is 21 years of age, of good moral character, and possesses at least a fair primary education. If said diploma and examination are satisfactory to the Board they shall issue to such person a certificate in accordance with the facts.

Sec. 3. Be it further enacted, etc., That the medical examiners herein provided for shall consist of two boards—one of physicians and surgeons recommended by the Louisiana State Medical Society, and one of physicians and surgeons recommended by the Hahnemann State Medical Society. There shall be five members of each Board, any three of whom shall constitute a quorum for the purpose of holding an examination and granting a certificate. All the members of both Boards shall be graduated physicians and practitioners.

The Board composed of physicians and surgeons recommended by the Louisiana State Medical Society, shall examine all applicants who propose to practice any other than the homeopathic system of medicine, and the Board composed of physicians recommended by the Hahnemann State Medical Society, shall examine all applicants who propose to practice the homeopathic system of medicine. The certificate of either Board shall be conclusive proof of the efficiency of the applicant examined by said Board. All examinations held by the Boards and the answers of the applicants shall be in writing, and shall be kept as records. All members of both Boards shall be appointed by the governor of the State from a list of names presented by the Louisiana State Medical Society and the Hahnemann State Medical Society, and the governor shall have the right to remove any or all the members thereof for inefficiency or neglect of duty, and to fill all vacancies occurring in these Boards from names recommended by their respective societies.

Sec. 4. Be it further enacted, etc., That the first Boards of medical examiners appointed under this act shall meet and organize within thirty days from the date of their appointment, and shall name one member to serve for the term of two years, one member for the term of three years, one member for the term of four years, one member for the term of five years, and one member for the term of six years; deciding by lot or agreement among themselves as to their respective terms. At the expiration of the above terms each member shall be appointed by the governor for the term of six years, from names recommended by their respective State Medical Societies.

Sec. 5. Be it further enacted, etc., That every person practicing midwifery in this State, on the passage of this act, shall, within ninety days thereafter, register with the secretary of the Board of Health, in the parish of Orleans, and with the clerk of the district court in the other parishes of the State, in the manner provided for physicians, giving her age and length of time, and the place or places during, and at which, she has been engaged in said practice, and make affidavit thereto, and shall pay to the secretary of the Board of Health in the parish of Orleans, or to the clerk of the district court in the other parishes of the State as the case may be, a fee of $1. Said secretary of the Board of Health of the parish of Orleans, or clerk of the district court, shall issue a certificate to the one so registering in accordance with the facts herein set forth, upon a blank form to be furnished by the State Board of Health, which shall entitle the holder to practice midwifery in the parish in which said certificate is issued. The clerks of the district courts of the several parishes of the State, Orleans excepted, shall annually on the first

Monday in January, make returns to the secretary of the State Board of Health in the parish of Orleans of all such certificates on record in his office.

All persons beginning the practice of midwifery in this State after the passage of this act, shall appear before one of the State Boards of Examiners and submit to such examination in midwifery as the Board shall require, and if such examination is satisfactory the said Board shall, upon receipt of $5, issue a certificate the same as provided for midwives in practice at the time of the passage of this act, which certificate shall be registered as in the manner provided for midwives in practice at the time of the passage of this act, but for such registration with the secretary of the State Board of Health or with the clerk of a district court, the holder of said certificate shall be required to pay a fee of 50 cents only. This section does not apply to the so-called midwife of rural districts and plantation practice, who, in the sense of this act, are not considered as practicing midwifery as a profession.

Sec. 6. Be it further enacted, etc., That the Boards of Medical Examiners are authorized to elect such officers and form such by-laws as may be necessary for the efficient operation of the boards.

The boards shall have a common seal, and the president and secretary of their respective boards, shall be empowered to administer oaths in the taking of testimony upon any matters pertaining to the duties of said boards

Sec. 7. Be it further enacted, etc., That the regular meetings of the boards shall be held at least twice in each year in the City of New Orleans, but the president of the Board may call special meetings elsewhere in the State whenever the boards may deem it necessary or expedient; the call to be issued by the secretary and signed by the president.

Sec. 8. Be it further enacted, etc., That to prevent delay and inconvenience, one member of a board of medical examiners may grant a permit after a satisfactory examination to any applicant, and shall report thereon to the boards at the next regular meeting; such temporary permit shall not continue in force longer than until the next regular meeting of the boards, but such temporary permit shall in no case be granted within six months after the applicant has been refused a permit by the boards.

Sec. 9. Be it further enacted, etc., That the certificates issued in accordance with section 2, of this act, shall be recorded in the office of the clerk of the district court of the parish in which he or she resides, who shall make this recordation in a book to be kept for that purpose only, and also certify to such recordation by an endorsement of the original certificate, which the holder thereof shall transmit or deliver to the State Board of Health; and the clerk recording the same shall be entitled to a fee of one dollar. Such certificate transmitted or delivered to the State Board of Health shall entitle the holder to be placed on the list of registered physicians and surgeons, the publication of which is hereinafter provided for. Said Board of Health shall preserve such certificates, and a copy thereof, signed by its secretary, shall be received as evidence in the courts of this State, and for such copy a fee of fifty cents shall be paid. Until such recordation is made, the holder of such certificate shall not exercise any of the rights or privileges therein conferred to practice medicine.

Sec. 10. Be it further enacted, etc., That it shall be the duty of the State Board of Health to publish annually in the official journal of the State (and if there is no such journal, in one of the daily newspapers published in the City of New Orleans) a list of the registered physicians and surgeons in the State and their residences, and such published list shall be received in evidence by the courts of this State as proof that the physicians and surgeons therein named are duly registered as required by law, and the said State Board of Health is hereby required to strike from said list the name of any person whose certificate may have been revoked by the State Boards of Medical Examiners, as herein provided for.

Sec. 11. Be it further enacted, etc., That the members of said Boards of Medical Examiners shall receive, as a compensation for their services, ten ($10) dollars per day during their session, and, in addition thereto, their hotel and traveling expenses by the most direct route to and from their respective places of residence, to be paid out of any moneys in the treasury of the boards upon the certificate of the president and secretary. The boards are empowered to demand a fee of one ($1) dollar for the issuing of each certificate. The fee for examination shall be ten ($10) dollars. If the applicant fails to pass a satisfactory examination, and no certificate is issued to him or her, five ($5) dollars, to be paid into the treasury of the boards, only of his or her fee is to be retained. The fee for certificate of temporary permit shall be five ($5) dollars, to be paid into the treasury of the boards, said fee to be accredited to the applicant when he applies to the boards for a permanent permit.

Sec. 12. Be it further enacted, etc., That any itinerant vendor of any drug, nostrum, ointment or application of any kind, intended for the treatment of disease or injury, or who may by writing, print or other methods, profess to cure or treat disease or deformity by any drug, nostrum, manipulation, or other expedient in this State, shall, if found guilty, be fined in any sum not less than twenty ($20) dollars and not exceeding one hundred ($100) dollars for each offense, to be recovered in an action of debt, before any court of competent jurisdiction, or shall be imprisoned for a term of not less than ten (10) days or more than thirty (30) days, or be both fined and imprisoned.

Sec. 13. Be it further enacted, etc., That any person shall be regarded as practicing medicine, in any of its departments, within the meaning of this act, who shall append the letters M. D. or M. B. to his or her name, or repeatedly prescribe or direct, for the use of any person or persons, any drug or medicine or other agency for the treatment, cure or relief of any bodily injury, infirmity or disease. This act shall not apply to farmers and planters when exclusively practicing, without compensation, on their employees and tenants.

Sec. 14. Be it further enacted, etc., That any person practicing medicine, in any of its departments in this State, without first having obtained the certificate herein provided for or contrary to provisions of this act, shall be deemed guilty of a misdemeanor,

and upon conviction thereof shall be punished by a fine of not less than $50, or more than $100, or by imprisonment in the parish jail for a period of not less than ten days, or more than ninety days, or by both fine and imprisonment for each offense. It shall be the duty of the respective district attorneys to prosecute violations of the provisions of this act, before any court of competent jurisdiction.

Sec. 15. Be it further enacted, etc., That the said boards shall have power to revoke any permit or certificate issued by them whenever it shall appear that the physician thus licensed has been convicted of immoral conduct before a competent court.

Sec. 16. Be it further enacted, etc., That any practitioner of medicine, in any of its departments, failing to comply with the requirements of this act, shall not be exempt from jury or military duty, nor be permitted to collect any fees or charges for services rendered, nor be allowed to testify as a medical or surgical expert in any court in this State nor execute any certificate as a physician or surgeon, nor to hold any medical office nor to be recognized by the State or parish or municipal corporation as a physician or surgeon; nor shall he be entitled to enjoy any of the privileges, rights or exemptions granted to physicians or surgeons by the laws of this State.

Sec. 17. Be it further enacted, etc., That this act shall not apply to any commissioned surgeon of the United States army, navy, or marine hospital service; to physicians or surgeons from other States or Territories in actual consultation with a registered physician of this State, nor to any physician actually practicing in this State before the passage of this act and in accordance with then existing laws.

Sec. 18. Be it further enacted, etc., That the said boards shall report to the prosecuting officer of the State of Louisiana all persons violating the provisions of this act. They shall report, annually, to the governor of this State upon the condition of the practice of medicine in the State, its recommendations for the improvement of the practice, aas well as a record of the proceedings of the Board during the year, together with the names of all physicians or surgeons to whom the said Board shall have issued certificates during the year, in accordance with the provisions of Section 2 of this act.

Sec. 19. Be it further enacted, etc., That it shall not be lawful for the State Boards of Medical Examiners, or any member thereof, in any manner whatever, or for any purpose, to charge or obligate the State of Louisiana for the payment of any money, except as provided for in act 44 of the acts of 1882, relating to the publication of registered physicians, etc., and the said boards shall look alone to the revenue derived from the operation of this act for the compensation designated in Section 11 of this act. And if said revenue is not sufficient to pay each member in full, as per Section 11, then the amount thus received shall be pro-rated among the members. But if at the end of the year, there should be a greater revenue derived than sufficient to defray the expenses of the boards at all their sessions for the year as provided in Section 7, such surplus shall remain in the treasury to be used in the expenditures of the boards during the succeeding year.

Sec. 20. Be it further enacted, etc., That all laws or parts of laws in conflict with this act be and the same are hereby repealed.

Approved July 4, 1894.

AMENDMENT TO SECTIONS 14 AND 19, ACT 49 OF SESSION 1894.

AN ACT—To amend and re-enact Sections 14 and 19 of an act entitled "An Act to regulate the practice of medicine, surgery and midwifery; to create State Boards of Medical Examiners, and to regulate the fees and emoluments thereof, to prevent the practice of medicine, surgery and midwifery by unauthorized persons; and to provide for the trial and punishment of violators of the provisions of this Act by fine or imprisonment, or both; and to repeal all laws or parts of laws in conflict or inconsistent with this act, 'being Act No. 49, of the General Assembly of the State of Louisiana, approved July 4, 1894, and to repeal all parts of said act in conflict herewith; and to provide for the enforcement of said Act by penalties and through civil process.' "

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That Section 14 of an act entitled, "An act to regulate the practice of medicine, surgery and midwifery; to create State Boards of Medical Examiners, and to regulate the fees and emoluments thereof; to prevent the practice of medicine, surgery and midwifery by unauthorized persons; and to provide for the punishment of violators of the provisions of this act by fine or imprisonment, or both; and to repeal all laws or parts of laws in conflict or inconsistent with this act be amended as to read as follows:

Sec. 14. Be it further enacted, etc., That if any person shall practice medicine in any of its departments in this State, without first having obtained the certificate herein provided for, or contrary to the provisions of this act the Board of Medical Examiners created by this act may through their respective presidents cause to issue in any competent court a writ of injunction forbidding and enjoining said person from further practicing medicine in any of its departments in this State, until such person shall have first obtained the certificate herein provided for and under the provisions of this act.

That said injunction shall not be subject to being released upon bond. That in the same suit in which said injunction may be applied for, the said boards through their respective presidents aforesaid, may sue for and demand of the defendant a penalty not to exceed one hundred dollars; and in addition thereto attorney's fees not to exceed fifty dollars, besides the costs of court; judgment for which penalty, attorney's fees, and costs may be rendered in the same judgment in which the injunction may be made absolute. That the trial of said proceeding shall be summary, and be tried by the judge without the intervention of a jury.

Sec. 2. Be it further enacted, etc., That Section 19 of said act be so amended as to read as follows:

Sec. 19. Be it further enacted, etc., That it shall not be lawful for the said Board, of Medical Examiners or any member thereof, in any manner whatever, or for any purpose, to charge or obligate the State of Louisiana for the payment of any money except

CAPITAL, AUGUSTA.

Population of State, 694,466.
(U. S. Census of 1900.)
Number of Physicians, 1,291.

The State of Maine is located in the extreme northeastern portion of the United States, and extends from 43 degrees 5 minutes to 47 degrees 30 minutes north latitude and from 66 degrees 50 minutes to 71 degrees west longitude. It is bounded on the north by Canada, on the south by the Atlantic Ocean, on the east by New Brunswick, and on the west by New Hampshire, and comprises an area of 35,000 square miles or 22,400,000 acres. The western portion of the State is mountainous, the range being part of the Appalachian system.

The climate is healthful, and the winters, although long and severe, are unmarked by injurious variations, while the summers are pleasant. The mean annual temperature at Portland is 43.00 degrees, that of summer 68.73 degrees, and of the winter 21.69 degrees. These figures are the result of observations extending over a period of 37 years. The average annual rainfall is about 44.50 inches.

The following table shows the increase in population for 70 years:

1830	399,455	1870	626,915
1840	501,719	1880	648,936
1850	583,169	1890	661,086
1860	628,279	1900	694,466

SYNOPSIS OF MEDICAL LAWS.

The examining board, known as the Board of Registration of Medicine in Maine, was created by an act passed in 1895. The act of 1895 provided for registration on passage of a satisfactory examination, but this was amended March 22, 1901, so that hereafter all who apply for registration as physicians and surgeons must be examined and also have a diploma. The examination covers anatomy, physiology, pathology, materia medica, therapeutics, surgery, principle and practice of medicine, and obstetrics.

It is illegal for any person not duly registered by this board to practice medicine or surgery, or any branch thereof for gain or hire within this state. Whoever not being registered as aforesaid shall so practice or shall advertise or hold himself out to the public as a physician or surgeon in this state who appends to his name the letters "M. D.," or who uses the title of a doctor or physician, meaning thereby a doctor of medicine, shall be punished by a fine of not less than one hundred nor more than five hundred dollars for each offense, or by imprisonment in jail for three mon ths, or both.

Neither shall this act apply to clairvoyants or to persons practicing hypnotism, magnetic healing, mind cure, massage, Christian science, so called, or any other method of healing if no poisonous or dangerous drugs are employed nor surgical operations perfodrmed; provided, such persons do not violate any of the provisions of section nine of this act in relation to the use of "M.D.," or the title of doctor or physician.

The following new rules have recently been passed by the board:

Rule 8. All medical schools legally chartered by the states in which they exist, and having the power given them by the state to confer the degree of Doctor of Medicine, and having an unchallenged reputation for honest teaching, and granting of diplomas, only after a proper time of study and an examination in all branches with a rating averaging at least 75 per cent. shall be considered as "reputable schools or colleges," and in good standing.

Rule 9. The minimum grade of preliminary education before admission to the study of medicine which the board will approve is a good English education, evidenced by a knowledge of English orthography and composition, mathematics, including algebra and plane geometry, geography, history, natural philosophy or physics and chemistry, with some laboratory work; and also the ability to read at sight common Latin prose. A college degree, a diploma from some normal school, high school, or academy, or a successful entrance examination to any recognized college will be accepted as evidence of the above. All others must pass an examination.

VARNISH MANUFACTURERS. DETROIT, MICH.

Rule 10. The standard of medical instruction which the board will approve is three years of medical study and three courses of lectures for those who graduated previous to 1902, and four years' study and four courses of lectures after 1901. Five years of reputable practice before 1901 will be accepted in lieu of one year's study. Colleges or medical schools complying with these rules 9 and 10, will be approved by the board as far as preliminary and medical instruction is concerned.

The board has also adopted this year a rule regulating reciprocity of licensure as authorized by the act. A special circular and form of application is devised giving the conditions, which, with other forms, etc., must be obtained from the secretary. Fee for examination, $10. Regular meetings of the board are held in March, July and November of each year and such additional meetings at such times and places as it may determine. —Journal of the American Medical Association.

MARYLAND.

CAPITAL, ANNAPOLIS.

Population of State, 1,190,050.
(U. S. Census of 1900.)
Number of Physicians, 2,162.

Maryland is situated between the parallels of 37 degrees 53 minutes, and 39 degrees 44 minutes, north latitude, and the meridians of 75 degrees 04 minutes, and 79 degrees 33 minutes west longitude (the exact western boundary being yet undetermined), and is one of the upper tiers of Southern States. It is bounded on the north by Pennsylvania, on the south and west by Virginia, West Virginia and the District of Columbia, and on the east by the Atlantic ocean and Delaware. Its gross area is 12,210 square miles, of which 9,860 square miles are land surface; the included portion of the Chesapeake Bay 1,203 square miles, Assateague Bay on the Atlantic coast 93 square miles, with 1,054 square miles of smaller estuaries and rivers. The Chesapeake Bay ascends to within a few miles of its northern boundary, dividing the State into the eastern and western shores. The rivers, excluding mere estuaries of the bay, are the Potomac, Patuxent, Patapsco, Gunpowder, Susquehanna, Elk, Sassafras, Chester, Choptank, Nanticoke, Wicomico and Pocomoke, all emptying into Chesapeake Bay. Besides these, the coast line of the bay is deeply indented with a multitude of creeks, coves and other estuaries penetrating the land in all directions, usually bearing the names of rivers and often navigable to

The JOHNS HOPKINS UNIVERSITY

MEDICAL DEPARTMENT.

The Medical Department is an integral part of The Johns Hopkins University and in close affiliation with The Johns Hopkins Hospital.

CONDITIONS OF ADMISSION. As candidates for the degree of Doctor of Medicine the School receives only graduates of approved colleges or scientific schools who can furnish evidence that they are acquainted with Latin and have a reading knowledge of French and German, and that they have such knowledge of physics, chemistry and biology as is imparted by the regular minor courses given in these subjects in The Johns Hopkins University. The phrase "a minor course" means a collegiate course that requires a year for its completion. In physics, four class-room exercises and three hours a week in the laboratory; in chemistry and biology four class-room exercises and five hours a week in the laboratory in each subject are required.

GENERAL PLAN OF INSTRUCTION. The course of instruction occupies four years. The academic year begins October 1st and closes the middle of June, with short recesses at Christmas and Easter. Men and women are admitted upon the same terms. In the methods of instruction, especial emphasis is laid upon practical work in the Laboratories and in the Dispensary and Wards of the Hospital. While the aim of the School is primarily to train practitioners of medicine and surgery, it is recognized that the medical art should rest upon a suitable preliminary education and upon thorough training in the medical sciences. The first two years of the course are devoted mainly to practical work, combined with demonstrations, recitations, and, when deemed necessary, lectures in the Laboratories of Anatomy, Physiology, Physiological Chemistry, Pharmacology and Toxicology, Pathology and Bacteriology. During the last two years the student is given abundant opportunity for the personal study of cases of disease, his time being spent largely in the Hospital Wards and Dispensary, and in the Clinical Laboratories. Especially advantageous for thorough clinical training are the arrangements by which the students, divided into groups, engage in practical work in the Dispensary, and throughout the fourth year serve as clinical clerks and surgical dressers in the wards of the Hospital.

SPECIAL COURSES FOR GRADUATES IN MEDICINE. Special courses for physicians are given annually during May and June. These courses are in Normal Histology, Gross Anatomy, Pathology, Bacteriology, Clinical Microscopy, Medicine, Surgery, Gynecology, Obstetrics and the various specialties. They are of a practical character and intended to meet the needs of practitioners of medicine.

CHARGES FOR TUITION. The charge for tuition for candidates for the degree of Doctor of Medicine is $200.00 per annum, payable in semi-annual installments, October 1 and February 1. There are no extra charges for Matriculation or for the Laboratory courses. The fees for special courses for graduates in medicine can be learned on application to the Dean of the Medical School.

The annual announcement of the Medical Department, including that of Special Courses for Graduates in Medicine will be sent upon application to the

DEAN OF THE JOHNS HOPKINS MEDICAL SCHOOL,

BALTIMORE, MD.

THE JOHNS HOPKINS HOSPITAL, BALTIMORE, MD.

The Johns Hopkins Hospital,

Founded by the liberality of Johns Hopkins, a merchant of Baltimore, is a large general hospital, built in pavilions for the treatment of acute diseases. It is divided into Medical, Surgical, Gynæcological and Obstetrical Departments, each under the direction of the Physician-in-Chief, the Surgeon-in-Chief, the Gynæcologist-in-Chief, and the Obstetrician-in-Chief, to the Hospital, respectively.

The Hospital receives the following classes of patients:

1. The sick poor of BALTIMORE AND ITS SUBURBS, who are TREATED FREE OF CHARGE.

2. Casualty or accident cases from BALTIMORE OR THE STATE OF MARYLAND, who are also TREATED FREE OF CHARGE.

3. Patients having NO RESIDENCE IN BALTIMORE, who pay board in the PUBLIC WARDS AT $7 PER WEEK.

4. Pay patients FROM ANY PORTION OF THE UNITED STATES OR CANADA, who are treated in the PRIVATE WARDS AT PRICES VARYING FROM $20 to $35 PER WEEK.

The weekly fee for treatment in the private wards is $10.

In the private wards surgical operations, medical attendance and the services of an ophthalmologist, otologist, laryngologist, neurologist, or dermatologist, are extra, unless otherwise especially arranged for with the Superintendent. Massage and laundry charges are extra.

A fee of $10 is charged for the use of the operating room by private surgical or gynecological patients.

The Johns Hopkins Hospital publishes a Bulletin at $2.00 per year, and an annual volume of Reports at $5.00 per year.

The Richard Gundry Home,

CATONSVILLE, Baltimore County, MARYLAND,

For the Treatment of Mental Diseases, Selected Cases of Alcoholic and Opium Habitues, and the various cases of Nervous Diseases requiring removal from the environments of home.

It is also an ideal place for recuperation from exhaustion, due to overwork. Situated on one of the highest elevations in Baltimore County, five hundred feet above the sea level and overlooks the prosperous village of Catonsville, one of the most popular suburbs of Baltimore. The grounds are spacious and beautiful, and abound in walks and drives. For the entertainment and amusement of the patients there are golf links, croquet and tennis courts. The building is situated away from the main roads, and is quiet and secluded, and at the same time easily accessible, being but five minutes' walk from the Ellicott City branch of the United Electric Railway. some distance by vessels of light draft. Perhaps nowhere else in the world is there a coast line proportionately so extensive or any country offering such facilities for water transportation as tide-water Maryland. Along the ocean frontier runs a narrow reef of sand inclosing and sheltering Synepuxent and Assateague bays, and giving inland navigation along the whole Atlantic coast of the state. Maryland presents a great variety of configuration of soil and climate. The four most westerly counties extend through the systems of mountain ranges known as the Allegheny and the Blue Ridge; east of these is the Piedmont region, gently inclining towards tide-water, and on both sides of the bay lies the Coastal Plain. The climate, tempered by the vicinity of the ocean and Chesapeake Bay, is on the whole mild and salubrious. The mean annual temperature of the middle portion of the State is 56°, of the northern 54°, and of the highest portions in the west about 50°. The rainfall is abundant throughout the State, and is largest on the western coast of Chesapeake Bay, where it averages about 50 inches.

The following table shows the increase in the population since 1850:

1850	583,034	1880	934,943
1860	687,049	1890	1,042,390
1870	780,894	1900	1,190,050

MEDICAL LAWS OF MARYLAND.

ARTICLE 43.—Title "Health"; Sub-Title, "Practitioners of Medicine."

AS AMENDED AND ADDED TO AT THE SESSION OF GENERAL ASSEMBLY FOR 1892, 1894, 1896 AND 1902.

(Laws as left in 1892, 1894 and 1896 so designated.)

Section. 39. All persons now practicing medicine and surgery, or who shall hereafter begin to practice medicine and surgery in any of their departments, except dentistry, in the State of Maryland, shall possess the qualifications required by this sub-title of this Article.

Sec. 40. From and after the first Tuesday of June, eighteen hundred and ninety-two, there shall be and continue to be two separate Boards of Medical Examiners for the State of Maryland--one representing the Medical and Chirurgical Faculty of the State of Maryland, and one representing the Maryland State Homœopathic Medical Society of the State of Maryland. The members of said respective Boards in office at the time when this law shall go into effect shall continue to hold and exercise their respective offices up to the first Tuesday in June, nineteen hundred and two. On the first Tuesday of June, nineteen hundred and two, said two Boards of Medical Examiners shall be reorganized,

and thereafter said boards shall be constituted as follows: Each of said boards shall consist of eight members, who shall be selected by the Medical and Chirurgical Faculty of the State of Maryland and the Maryland State Homoeopathic Medical Society, respectively, at the annual meetings of said respective societies; and each appointee is, immediately after his election, to be furnished with a certificate thereof by the society electing him. Each such member of said respective boards, except those elected in the year nineteen hundred and two, shall serve for four years, or until his successsor is appointed and qualified. At their respective annual meetings held in the year nineteen hundred and two, each of said aforementioned societies shall elect the full number of eight examiners for its respective board, of whom two shall be elected for four years, two for three years, two for two years, and two for one year, and thereafter two examiners shall be elected by each society in each year, as hereinbefore provided, to serve for a term of four years or until their successsors are appointed and qualified, the outgoing members to be eligible for re-election. The terms of office of all members so elected shall begin on the first Tuesday in June, in the year in which they shall be respectively elected; each board is to have the exclusive right to examine, pass upon the qualifications of and license its own applicants. The examiners shall be physicians actually engaged in the practice of medicine or surgery in the State of Maryland, and of recognized ability and honor. No member of any medical college or university, who passes upon the qualifications of graduates of any medical school, shall be eligible to serve as a member of either of said boards. In case of a vacancy occurring in either of said boards, the board in which such vacancy shall occur shall fill the same until the next annual meeting of the Medical and Chirurgical Faculty, or the Maryland State Homoeopathic Medical Society, according as the board in question may be the representative of one or other of said societies, when said society shall elect an examiner to serve for the remainder of such unexpired term.

Sec. 40a. Each of said boards shall, at its meeting on the first Tuesday in June of each year, appoint a secretary-treasurer for the board, whose term of office shall last for one year, and who shall be eligible for re-appointment, and whose duties shall be as follows: Within sixty days from the time of his appointment by his respective board, it shall be the duty of the Clerk of the Circuit Court of Baltimore City, and the Clerks of the Circuit Courts of each county in the State, to furnish the secretary-treasurer of each board a list of all physicians who have been legally registered, in such Court. To all those physicians who have at that time been practicing in the State without having been legally registered, said secretary-treasurer shall send a printed notice of the section of this Act, relating to the duty of the Police Commissioners in Baltimore City and the sheriffs of the counties of the State under this law. Within four months of the time of his appointment he shall see that all physicians entitled to register have been registered, and that the names of all those who are not entitled to be registered under this Act have been presented for prosecution to the State's attorney of the City of Baltimore, and of each county in the State in which the accused, respectively, reside. Those physicians, who, being entitled to register under this Act, yet have failed to comply at the expiration of this time—four months from the election of the secretary-treasurer of the board—shall also be prosecuted, and no one after the passsage of this Act shall be allowed to practice medicine or surgery without being duly registered according to the provisions of this Act. The secretary-treasurer shall keep the official records of the board for which he is secretary, as provided for in Section 41, of this Act, the examination papers of applicants for at least three years, after they have been passed upon by the board, after which they are to be destroyed, and a complete list of all registered physicians in the entire State. He shall call the attention of the State's attorneys of Baltimore City and of the different counties throughout the State to all violations of the law under this Act. He shall collect and hold all moneys belonging to the board, for which he shall give bond to the State of Maryland in the sum of $1,000, the same to be held by the president of the board. He shall receive from the income of the board such salary as his respective board may determine.

Sec. 41. Each board of medical examiners shall meet on the first Tuesday in June in each year for the purpose of reorganization. At said first meeting of said respective boards, each of said boards shall effect an organization by the election from its own membership of a president, and shall also appoint a secretary-treasurer, as otherwise provided in this Article. For the purpose of examining applicants for licenses, each of said boards of medical examiners shall hold one or more stated or special meetings in each year, due notice of which shall be made public, at such time and places as may be determined by the members thereof, respectively. At said stated or special meeting a majority of the members of the board shall constitute a quorum thereof. Each of said boards of medical examiners shall keep an official register of all applicants for an examination for a license to practice medicine and surgery in this State; said register for license shall show the name, age and last place of residence of each candidate, the school from which he or she may have graduated, and whether such applicant was rejected or licensed under this sub-title; but such matters shall not be written in the register or made public until after the examination.

Sec. 42. At the first meeting of an examining board, or at a stated or special meeting held subsequently, suitable provision shall be made by each of the examining boards to prepare a schedule of written examination upon anatomy, physiology, medical chemistry, surgery, practice of medicine, materia medica, therapeutics, obstetrics and pathology, and the same standard of excellence shall be required from all candidates. In the departments of therapeutics and practice, the questions shall be in harmony with the tenets of the school selected by the candidate; the standard of requirements therein to be established by each board for itself. Whenever members of any board are necessarily absent from meetings held for the examination of applicants for license, suitable temporary provision shall be made for thorough examination in each and all of the aforesaid subjects by members present. The examination shall be fundamental in character.

The votes of all the examiners present shall be "yes" or "no," written with their signature upon the backs of the examination papers of each candidate for the respective branches.

Sec. 43. All persons, except physicians who were practicing medicine in this State prior to the first day of January, 1898, who are now practicing medicine or surgery and can prove by affidavit that within one year of said date said physician had treated in his professional capacity at least twelve persons, who shall commence the practice of medicine or surgery in any of their branches after the passage of this Act, shall make a written application for license to the president of either board of medical examiners which said applicant may elect, accompanied by satisfactory proof that the applicant is more than twenty-one years of age, is of good moral character, has obtained a competent common school education, and has either received a diploma conferring the degree of doctor of medicine from some legally incorporated medical college in the United States of a diploma or license conferring the full rights to practice all the branches of medicine and surgery in some foreign country; said diploma, if from a college in the United States, must have been conferred by a legally incorporated college requiring a four-years' standard of education as defined by the American Medical College Association or the Intercollegiate Committee of the American Institute of Homoeopathy, respectively; provided, that this requirement shall not apply to any physician who shall, prior to the passage of this Act, have practiced outside of this State for at least three years, and who shall have been duly registered or licensed in the place where he has so practiced; provided, further, that two courses of medical lectures, both of which shall be either begun or completed within the same calendar year, shall not satisfy the above requirements; provided, also, that in the case of students who at the time of the passage of this Act shall be in their second year in a medical college, a three-years' course of study, or attendance on three courses of lectures delivered in different years, shall satisfy said requirements. Proof of the qualification of applicants, as above, shall, if required, be made by affidavits at the time of the making of said application and payment of fee as provided. The president of the board to whom such application shall have been made, if satisfied with the same, shall direct the secretary-treasurer thereof to issue to said applicant an order for examination, and when said applicant shall have passed an examination as to proficiency satisfactory to said board, the president thereof shall grant to such applicant a license to practice medicine and surgery in the State of Maryland. If the president of either board of medical examiners shall have refused any application, either for want of the qualifications necessary to entitle such applicant to an examination, as hereinbefore provided, or for want of proficiency of such applicant upon being subjected to an examination, then the president of neither of said boards shall entertain or pass upon a subsequent application from said applicant until after the expiration of six months from the rejection of said previous application. The respective boards are authorized to license, without examination, applicants who present proper certificates of proficiency and professional standing at the time of application, issued by boards of medical examiners of the District of Columbia and of other States, the requirements of which are of as high a standard as those governing the boards of medical examiners of this State; provided, such boards of such States or district grant the same privileges to licentiates of the examining boards of Maryland, such applicants, however, being still required to furnish the same proof of qualifications required of other applicants by this section. Medical students at the end of their second year of study, who have, as verified by the certificate of the dean of the college which they have attended, completed the studies of anatomy, physiology, medical chemistry, and materia medica in said college, shall on application, be examined in such studies by the State licensing board, the result of said examination to be considered as part of the final examination, the full regular fee to be paid at this time, no part thereof to be returned, but placed to their credit for the remainder of the examination yet to be taken. Medical students who have, as verified by the certificate of the dean of the college which they have attended, completed a full four-years' course of studies and lectures, but who have not yet received their diplomas, shall upon application be examined in all the branches enumerated in Section 42 of this Article by the State Licensing Board, the final certificate and license of the said board being withheld until the diploma of the proper medical college, with the candidate's name inscribed, be produced to the secretary of the board. Diplomas presented by graduates of foreign colleges shall be accepted if a course of four-years' study has been required by said foreign college before issuing such diploma.

Sec. 43a. Any physician who may change his residence from the District of Columbia to the State of Maryland, or who while living in the District of Columbia shall desire to practice medicine or surgery in the State of Maryland, shall, upon application to the examining board of the State of Maryland, be entitled to a license, without fee and without examination; provided, that the application be properly endorsed at the time it is presented by the examining board of the District of Columbia, certifying to the proficiency and professional standing of the applicant, and provided further, that the examining board of the District of Columbia shall, under the laws thereof, grant like and equal privileges to the licensed physicians of this State who may remove to said District of Columbia, or while continuing to reside in this State may desire also to practice in said District.

Sec. 44. That all examinations shall be conducted in such manner that the name, school of graduation and preparatory training of said applicant shall not be made known to the board of examiners until his examination papers have been graded. An applicant receiving a majority of the votes of the board before whom the applicant appears shall be considered to have passed a satisfactory examination and entitled to the license of said board. (1892.)

Sec. 45. A fee of fifteen dollars shall be paid to the secretary-treasurer of the board before whom the applicant appears before such examination is had, which payment shall entitle said applicant to a second examination, in case of failure, at the expiration of six

months and within twelve months thereafter; said fee to be applied by said board towards paying the expenses of said board.

Sec. 46. The board shall refuse to grant a license to any applicant who may be radically deficient in his examination in any essential branch; provided, that in any case of failure at any such examination, the candidate shall not be permitted to take another examination before either board until after the expiration of six months from the date of his rejection; provided, however, that any applicant who has been heretofore, during the previous year before the passage of this Act, or who shall hereafter so fail, shall be credited as having passed in such branches as he has or shall have been found proficient in, and he shall not be again examined in said subjects.

Sec. 47. That every license to practice medicine and surgery, issued pursuant to the provisions of this Act, shall be subscribed by the president and secretary of the board before whom the applicant has passed. It shall also have affixed to it by the person authorized to affix the same, the seal of said Medical and Chirurgical Faculty of Maryland, or of the Maryland State Homoeopathic Medical Society, as the license may require, every such license to be in the following form and to the following effect:

To all whom it may concern, greeting:

Be it known that.....on the.....day of....., A. D.....having offered to us satisfactory proof that.....was more than twenty-one years of age, and had received a proper preliminary education; we, therefore, gave a written order for the examination of said .....before one of the boards of medical examiners of the State of Maryland; that the said.....was fully examined before the said board and found proficient and qualified to practice medicine and surgery in the State of Maryland as a physician and surgeon, and have caused the names of the president and secretary of our board to be subscribed and the seal of our society to be affixed hereto.

Witness our hand, and seal of our society, this.....day of....., A. D. President, ...; ..... Secretary.

(Seal of Society) (1894.)

Sec. 48. Any person receiving a license from either of said boards shall file the same at once with the clerk of the Circuit Court of the county in which he or she may reside, or with the Clerk of the Superior Court of Baltimore City, if said person shall reside therein, and it shall be the duty of said clerk to register the name of said person and of the president of the board signing said license in a book kept for the purpose, as a part of the records of his office; and the number of the book and the page therein containing said recorded copy shall be noted by said clerk upon the face of said license. In case said person should, after the recording of such license, permanently remove his or her residence to some other county of the State or to Baltimore City, he or she shall thereupon at once file said license, or certified copy thereof, for record as aforesaid, with the clerk of the Circuit Court of the county or city to which he or she shall have so removed: said records shall be open to public inspection under proper restrictions as to their safe keeping, and in all legal proceedings shall have the same weight as evidence that is given to the records of conveyances of land. The fee for such registration shall be fifty cents, to be paid by the person whose license is registered.

Sec. 49. Repealed.

Sec. 50. Any person to whom the provisions of this Act applies, practicing or attempting to practice medicine or surgery in this State, without first having obtained the license of one of said boards of medical examiners, shall be guilty of a misdemeanor, and shall pay a fine of not less than fifty dollars, nor more than two hundred dollars, for each offense, or in default of payment shall be confined in the city or county jail until the fines and costs are paid, and shall be debarred from recovering compensation for services rendered as such physician or surgeon. (1892.)

Sec. 51. Repealed.

Sec. 52. Said boards shall make a report to the Medical and Chirurgical Faculty of Maryland and the Maryland State Homoeopathic Medical Society, respectively, at each annual meeting of said respective societies.

Sec. 52a. And said boards shall upon request issue certificates of professional standing to physicians moving out of the State.

Sec. 53. From and after the first day of July, 1894, no person shall practice medicine or surgery in the State of Maryland unless he or she be duly registered as a physician or surgeon in accordance with the provisions of this Act. (1894.)

Sec. 54. Every person who was practicing medicine in the State of Maryland on or before the first day of June, 1892, shall be entitled to be registered as a physician or surgeon, or both, upon making application to the president of either Board of State Medical Examiners, which application shall be in writing, and verified by the oath of said applicant taken before any officer entitled to administer oaths under the laws of this State, and shall state that the applicant was a duly qualified lawful practitioner of medicine, in good standing, actually engaged in the practice of such profession in said State, on or before said first day of June, 1892. And upon receiving said application, and being satisfied of the truth of said statement therein contained, said president of such board shall issue or endorse his permit for such applicant to be registered, upon a copy of such application, which permit shall also be countersigned by the secretary of said board; and any president of such board, to whom such application is addressed, may in his discretion make inquiry, and examine witnesses under oath, or receive other evidence as to the truth of the statements contained in such application, for a permit to be registered; and if the president of either of such boards of medical examiners shall act upon such application, and shall refuse the same, then no president of the other of said boards shall entertain or act upon any application of such applicant for such permit. And upon the presentation of a permit to be registered, signed by the president, and countersigned by the secretary of either of said boards of medical examiners, to the clerk of the county where the applicant may reside, or to the Clerk of the Circuit Court of Baltimore City,

if said applicant shall reside in Baltimore City, it shall be the duty of the said clerk to register such application and permit, and the name of such applicant as physician or surgeon, or both, in a book to be kept for such purpose, and a certified copy of such entry of registration under the seal of the court shall be legal evidence of such registration in all the courts of the State; provided, however, that the provisions of this Act shall not apply to those practicing medicine in the State of Maryland prior to June, 1892, and who registered as practitioners of medicine prior to July, 1894. (1896.)

Sec. 55. All persons who have commenced to practice medicine or surgery in the State of Maryland since the first day of June, 1892; or who shall hereafter commence to practice medicine or surgery in the State, shall not be entitled to be registered in the Registry of Physicians and Surgeons, as required by law, except upon filing with the Clerk of the Circuit Court of the county or city in which he or she shall reside, a license from one of the duly constituted boards of examiners of this State, in accordance with the terms of Sections 47 and 48 of this article, except that physicians and surgeons who have come into this State since the first day of June, 1892, or who shall hereafter come into the State to follow the practice of medicine and surgery, may receive a license, which shall entitle them to be registered as physicians and surgeons, in accordance with law, upon application to one of the duly constituted boards of medical examiners in accordance with the provisions of Sec. 56 of this Act. (1894.)

Sec. 56. Physicians and surgeons of good moral and professional standing who shall hereafter come into this State with intent to follow the practice of medicine and surgery within this State, being graduates of a medical college or university of good standing, or having a certificate or license from a board of medical examiners of any State where the requirements for practice are equal to those required by the board named in this article, may make aplication to the president of either board of medical examiners of this State, which application shall be made under oath and shall state when and how long said applicant has been engaged in the practice of medicine and surgery and from what medical college, university or other institution of learning he or she graduated. And, thereupon, the board of medical examiners shall have the authority and discretion to require applicants to undergo an examination, in accordance with the provisions of Sections 41 to 47, inclusive, of this article, or may require said applicant to submit to a special examination, the terms and methods of which shall be prescribed by the board of medical examiners, and upon paying the fee for examination, as set out in Section 45 of this article. After the examination and determination of said board, thereupon, that said applicant is qualified to practice medicine and surgery, and that he is entitled to a license, a license shall be issued to him to the same effect as the form of license set out in Section 47 of this article, which license shall be filed and recorded as provided by Section 47 of this article, and it shall then be the duty of the clerk of the court to register the name of the person so licensed as physician or surgeon, or both, in accordance with the provisions of this Act. (1896.)

Sec. 57. All persons whose licenses have been heretofore filed and recorded in accordance with Sec. 48 of this article, shall be held to be duly registered physicians and surgeons within the provisions of Sec. 53 of this article, and all persons who shall hereafter receive and file licenses to be recorded in accordance with said Sec. 48, shall be registered as physicians and surgeons under said section, and the fee to be paid for such registration and the registration of the application to the clerk, or the license therewith, as the case may require, shall be one dollar. (1894.)

Sec. 58. If any person shall unlawfully obtain and procure himself to be registered as a physician or surgeon, either by false and untrue statement contained in his application to the clerk of the court, as required by this Act, or by presenting to said clerk a false or untrue license, or are fraudulently obtained by false and fraudulent statements made to one of said Boards of Medical Examiners, he or she shall be declared guilty of a misdemeanor and shall be fined not less than fifty dollars, nor more than five hundred dollars, and shall forfeit all rights and immunities obtained or conferred upon him by virtue of such registration, as physician or surgeon. (1894.)

Sec. 59. Any person who, after the first day of July, 1894, shall practice, or attempt to practice, medicine or surgery in this State, without being registered in accordance with the provisions of this Act, shall be guilty of a misdemeanor, and shall be fined not less than ten dollars nor more than two hundred dollars for each offense. (1894.)

Sec. 60. The provisions of this Act shall not apply to any midwife, or person who may render gratuitous services in cases of emergency. (1894.)

Sec. 61. Any person shall be regarded as practicing medicine within the meaning of this Act who shall operate on or prescribe for any ailment of another, or who shall append to his or her name the letters M. D., or prefix the word Doctor, or the abbreviation thereof, Dr., to his or her name, with the intent thereby to imply that he or she is a practitioner of medicine or surgery; but nothing herein contained shall be construed to apply to gratuitous services, nor to any resident or assistant resident physician or students at hospitals in the discharge of their hospital or dispensary duties, or in the office of physicians, or to any physician or surgeon from another State, Territory or District in which he resides when in actual consultation with a legal practitioner of this State; or to commissioned surgeons of the United States Army or Navy or Marine Hospital service, or to chiropodists, or to midwives, or to masseurs or other manual manipulators who use no other means; nor shall the provisions of this Article apply to physicians or surgeons residing on the border of a neighboring State, and duly authorized under the laws thereof to practice medicine or surgery therein, whose practice extends into the limits of this State; provided, that such practitioners shall not open an office or appoint places to meet their patients, or receive calls within the limits of this State without complying with the provisions of this Act; provided, that the same privileges be accorded to licensed physicians of this State; provided, further, that nothing in this Act shall annul any of the Acts of the present dental law of the State of Maryland, nor shall apply to any registered graduate of dental surgery now practicing in the said State

of Maryland, with the sign titles: Dentist, Surgeon Dentist, Dental Surgeon or Stomatologist.

Sec. 61a. It shall be the duty of the Police Commissioners of Baltimore City, and of the sheriffs of each county in the State, to see that all practicing physicians in the State shall be legally registered according to the provisions of this Article, and to report to the State's Attorney of the city or county all cases of the violation of the provisions of this Article.

Sec. 62. Repealed.

Sec. 63. It shall be the duty of the secretary of either or both of said State Boards of Medical Examiners to inquire into all violations of law under this article, and to institute all proceedings or prosecutions thereof, and all expenses incurred by any secretary of either of such boards hereunder shall be allowed and paid out of the funds acquired by or belonging to said boards respectively. (1896.)

Sec. 64. The said board of medical examiners shall have full control over the expenditures and disposition of the funds collected from the fees and charges authorized to be made under the terms of this article, and shall fix and allow such compensation as they may deem proper for service rendered in the performance of the duties rquired by this article by members of said board or others, with the full power also to allow and discharge all proper expenses of said board, and any surplus to dispose of as said board may deem for the advantage of the practice of medicine in this State. (1896.)

Sec. 64a. Any person practicing or attempting to practice medicine under the name of any other person, whether that person be a resident of this State or not, or whether he or she be deceased or not, or any person acting under the name of and as agent of any other person, in the capacity of a practitioner of medicine or surgery, shall be guilty of a misdemeanor, and upon conviction by any Court having criminal jurisdiction shall be punished by imprisonment in the city or county jail for not less than thirty days nor more than one year, or by a fine of not less than twenty dollars nor more than five hundred dollars, or both, in the discretion of the Court, for each offense.

Sec. 65. Either Board of Medical Examiners of this State may, by a vote of five members, revoke any license which it has issued, and may cause the name of any physician licensed by said board to be removed from the register of the licentiates of the city or county where it may be recorded, for any of the following causes, to-wit.: The use of fraud or deception in passing the examination provided in this article, habitual drunkenness, criminal abortion, conviction of crime involving moral turptude or unprofessional or dishonorable conduct. Before proceeding to revoke any such license, the person against whom complaint is made shall be furnished with a copy of the complaint and charges made against him, and shall be given an opportunity for a hearing before the board, in person or by attorney, and at such hearing testimony may be offered for and against the accused. The action of the board shall be reduced to writing, stating also the reasons for such action, and a copy thereof shall be delivered or mailed to the person against whom complaint is made; within sixty days after said notice of revocation ot the license shall have been delivered or mailed to any person, said party shall have the right of appeal to the Circuit Court of the city of county wherein he may reside, the judge or judges of which said Court shall fully hear and determine all matters connected with the action of said board from which appeal is taken, and the decision of said Court shall be final; should no such appeal be taken within sixty days, or should said appeal result in the affirmation of the action of said board, the Clerk of the Circuit Court or Courts where said license so revoked shall have been recorded shall, upon due notice from the secretary-treasurer of said board, strike off the name of said party from the list of licensed practitioners recorded upon such register. At any time within two years from the revocation of any license, the board revoking same may, by a vote of five members, issue without examination a new license to the person whose license was so revoked; but after the expiration of two years such person can obtain a new license only by compliance with the same requirements which are imposed on other applicants for licenses under this article.

Sec. 2. And be it further enacted. That this Act shall take effect from the date of its passage.

Approved April 11, 1902.

MASSACHUSETTS.

CAPITAL, BOSTON.

Population of State, 2,805,346.
(U. S. Census of 1900.)
Number of Physicians, 5,235.

The State of Massachusetts, which was included in the original thirteen, extends from 41 degrees 15 minutes to 42 degrees 55 minutes north latitude and from 69 degrees 56 minutes to 73 degrees 31 minutes west longitude, and comprises an area of 7,800 square miles, or 4,992,000 acres. It is bounded on the north by Vermont and New Hampshire, on the east by the Atlantic Ocean, on the south by Rhode Island and Connecticut, and on the west by the State of New York.

The climate is cool and salubrious, the winters being severe and long and the summers warm but short. The mean annual temperature as observed at New Bedford during a period of 58 years is 48.56 degrees, that of the summer 66.95 degrees, and of the winter 30.21 degrees. The average annual rainfall is about 45 inches.

The following table shows increase in population for 70 years:

1830	610,408	1870	1,457,351
1840	737,699	1880	1,783,085
1850	994,514	1890	2,238,943
1860	1,231,066	1900	2,805,346

THE LAW RELATING TO THE REGISTRATION OF PHYSICIANS.

(Revised Laws, January 1, 1902.)

Section 1. There shall be a board of registration in medicine consisting of seven persons, residents of this commonwealth, who shall be graduates of a legally chartered medical college or university having the power to confer degrees in medicine, and who shall have been for ten years actively employed in the practice of their profession. No member of said board shall belong to the faculty of any medical college or university, and no more than three members thereof shall at one time be members of any one chartered state medical society. One member thereof shall annually in June be appointed by the governor, with the advice and consent of the council, for a term of seven years from the first day of July following.

Section 2. Said board shall hold regular meetings on the second Tuesday of March, July and November in each year, and additional meetings at such times and places as it may determine. At the regular meeting in July, it shall organize by the choice of a chairman and secretary who shall hold their offices for the term of one year. The secretary shall give a bond to the treasurer and receiver general in the penal sum of five thousand dollars, with sufficient sureties to be approved by the governor and council, for the faithful performance of his official duties.

Section 3. Applications for registration shall be made upon blanks to be furnished by the board, and shall be signed and sworn to by the applicants. Each applicant for registration shall furnish satisfactory proof that he is twenty-one years of age or over and of good moral character and upon payment of a fee of twenty dollars, shall be examined by said board. If he be found by four or more members thereof to be 21 years of age or over, and of good moral character, and qualified, he shall be registered as a qualified physician and shall receive a certificate thereof signed by the chairman and secretary. An applicant who fails to pass an examination satisfactory to the board, and therefore refused registration, shall be entitled within one year after such refusal to a re-examination at a meeting of the board called for the examination of applicants, without the payment of an additional fee; but two such re-examinations shall exhaust his privilege under his original application. Said board, after hearing, may by unanimous vote revoke any cer-

UNION GENERAL HOSPITAL,

158 Springfield Street,

BOSTON, - MASS.

Centrally located in the heart of Boston, facing one of the beautiful parks of the city. An institution practically home-like, in which the patients have all the comforts without the annoyances of a public hospital.

Daily visits from friends are permitted, also the attendance of the physician or surgeon of their choice. *All physicians are on equal terms*, and can admit suitable patients on application. All cases are accepted, excluding only contagious diseases and the insane.

There is a special lying-in department, and the hospital is thoroughly equipped for emergent cases. At present we can accommodate over 70 patients.

Correspondence solicited from the medical profession, and it is earnestly desired that they will acquaint themselves with our advantages by personal inspection.

WE will receive any chronic medical case not contagious or insane. Special attention is paid to the treatment of **Nervous Diseases**, the **Liquor Habit, Morphine, Cocaine,** and other drug addictions. We do not suddenly withdraw alcohol or other drugs, nor use forcible restraint. Our purpose is not merely to relieve, but to cure, and we believe in kindly sympathy and homelike surroundings as important adjuncts to medical treatment.

Our elegant buildings are less than fifteen minutes' ride by electrics from the heart of Boston, and a few minutes walk of Franklin Park.

THE VAN VLECK GLAND REMEDY CO. produces twenty-eight specific Gland Remedies. Each Gland produces its own particular secretion, and when given to a patient, the most favorable action is found on the Gland from which that Remedy was manufactured. See ad. on p. 41

tificate issued by it and cancel the registration of any physician who has been convicted of a felony or of any crime in the practice of his profession. All fees received by the board shall, once a month, be paid by its secretary into the treasury of the Commonwealth.

Section 4. Each member of the board shall receive ten dollars for every day actually spent in the performance of his duties, and the necessary traveling expenses actually expended in attending the meetings of the board, not exceeding three cents a mile each way. Such compensation and the incidental and traveling expenses shall be approved by the board and paid by the Commonwealth only from the fees paid over by the board.

Section 5. The board shall keep a record of the names of all persons registered hereunder, and of all money received and disbursed by it, and a duplicate thereof shall be open to inspection in the office of the secretary of the commonwealth. Said board shall annually, on or before the first day of January, make a report to the governor of the condition of medicine and surgery in this commonwealth, of all its official acts during the preceding year and of its receipts and disbursements.

Section 6. The board shall investigate all complaints of the violation of the provisions of section eight, and report the same to the proper prosecuting officers.

Section 7. Examinations shall be wholly or in part in writing in the English language, and shall be of a scientific and practical character. They shall include the subects of anatomy, surgery, physiology, pathology, obstetrics, gynecology, practice of medicine and hygiene, and shall be sufficiently thorough to test the applicant's fitness to practice medicine.

Section 8. Whoever, not being lawfully authorized to practice medicine within this Commonwealth and registered as aforesaid, holds himself out as a practitioner of medicine, or practices or attempts to practice medicine in any of its branches, or whoever practices medicine or surgery under a false or assumed name, or under a name other than that by which he is registered, or whoever personates another practitioner of a like or different name, shall, for each offense, be punished by a fine of not less than one hundred nor more than five hundred dollars, or by imprisonment for three months, or by both such fine and imprisonment. In a case in which a provision of this or the preceding section has been violated, the person who committed the violation shall not recover compensation for services rendered.

Section 9. The provisions of the eight preceding sections shall not be held to discriminate against any particular school or system of medicine, to prohibit medical or surgical service in a case of emergency, or to prohibit the domestic administration of family remedies. They shall not apply to a commissioned medical officer of the United States army, navy or marine hospital service in the performance of his official duty; to a physician or surgeon from another state who is a legal practitioner in the state in which he resides, when in actual consultation with a legal practioner of this commonwealth; to a physician or surgeon resiging in another state and legally qualified to practice therein, whose general practice extends into the border towns of this Commonwealth, if such physician does not open an office or designate a place in such towns where he may meet patients or receive calls; to a physician authorized to practice medicine in another state, when he is called as the family physician to attend a person temporarily abiding in this commonwealth; nor to registered pharmacists in prescribing gratuitously, osteopathists, pharmacists, clairvoyants, or persons practicing hypnotism, magnetic healing, mind cure, massage, Christian science or cosmopathic method of healing, if they do not violate any of the provisions of section eight.

CAPITAL, LANSING.

Population of State, 2,420,982.
(U. S. Census of 1900.)
Number of Physicians, 4,449.

Michigan, originally a portion of the famous "Northwest Territory," was admitted into the Federal Union January 26, 1837. It is located on the British-American frontier and is separated from the Dominion of Canada by Lakes Superior, Huron and St. Clair, and their connecting straits. It extends, approximately, from latitude 41.7 degrees to 47.48 degrees, and from longitude 82.41 degrees to 90.54 degrees, and covers an area of 56,451 square miles. It is divided into two parts—the Lower and Upper Peninsulas—which are separated by the Straits of Mackinac and contiguous waters. Although united politically these two divisions are thus disjointed geographically, and they also differ widely in physical characteristics and resources. The Lower Peninsula is for the most part level and prairie like, or moderately rolling and excellently adapted to agriculture; while the Upper Peninsula is hilly and rugged and even mountainous, and is distinguished principally for its abundant mineral resources. The Lower Peninsula is bounded on the east by Lake Huron, the St. Clair river, Lake St. Clair, the Detroit river and Lake Erie, on the west and northwest by Lake Michigan, on the northeast by Lake Huron, and on the south by Indiana and Ohio. It is 277 miles long from north to south, and its greatest width is 259 miles. It has an area of 33,871 square miles, or 21,677,184 acres. The Upper Peninsula is 318 miles long, east and west; and its greatest breadth is 165 miles; with an area of 22,580 square miles, or 14,451,456 acres. It is bounded on the north by Lake Superior, on the south by Lakes Michigan and Huron, on the southwest by the State of Wisconsin, and on the east by the St. Mary's river. These great waters give the State a shore line of 1,620 miles, and being at the head of lake navigation, where the products of the west aim to reach water transportation to the seaboard, they have contributed immensely to the State's commercial prominence and prosperity.

The climate is mild, but the temperature varies considerably, the mean annual temperature as observed at Fort Mackinac being 41.02 degrees and at Detroit 47.25 degrees. The average annual rainfall varies from 23 inches at Mackinac to 30 at Detroit.

The following table shows increase of population since 1810:

1810	4,762	1860	749,113
1820	8,765	1870	1,184,059
1830	31,639	1880	1,636,937
1840	212,267	1890	2,093,889
1850	397,654	1900	2,420,982

The total number of deaths registered during the year 1902 was 30,962, corresponding to a death rate of 12.6 per 1,000 estimated population. For the year 1901 the number of deaths registered was 33,848, and the death rate was 14.0. There were 2,886 fewer deaths registered for 1902 than for the preceding year. At certain important ages, deaths were returned as follows: Infants under 1 year of age, 5,754, or 18.6%; children aged 1 to 4 years, both inclusive, 2,214, or 7.2%; and elderly persons over 65 years, 9,081, or 29.3%. The diseases causing the greatest number of deaths were pneumonia, 2,907; pulmonary tuberculosis, 2,030; cancer, 1,441; diarrheal diseases in those under 2 years, 1,350. There were 1,951 deaths due to accidents and violence.

Are You a Diabetic?

A proper diet is all-important in the treatment of your disease. We have studied diabetes for thirty years, and can furnish you with foods suited to its various phases.

Wm. Osler, one of the greatest physicians of this country, says of one of our Diabetic foods : **"In feeding a diabetic patient one of the greatest difficulties is in arranging a substitute for bread. Of the gluten foods, many are very unpalatable; others are frauds. A good gluten flour is made by the Battle Creek Sanitarium Company, Mich.**

Read the List of Foods Given Below. Don't you think they would taste good? You would find them a great relief from the monotony of your present diet. We manufacture several other diabetic foods, but this list gives you an excellent selection.

The placing of this order will give you access to our Department of Dietetics, which is in charge of competent physicians thoroughly trained in Scientific Dietetics

MEDICAL LAW OF MICHIGAN.

NOTTINGHAM MEDICAL ACT.

Act No. 353, Laws of 1903, amending Act 237, Laws of 1899.

An act to amend sections one, three and seven of act number two hundred and thirty-seven of the public acts of eighteen hundred and ninety-nine, entitled "An act to provide for the examination, regulation, licensing and registration of physicians and surgeons, and for the punishment of offenders against this act, and to repeal acts and parts of acts in conflict therewith."

The People of the State of Michigan enact:

Section 1. Sections one, three and seven of act number two hundred and thirty-seven of the public acts of eighteen hundred and ninety-nine, entitled "An act to provide for the examination, regulation, licensing and registration of physicians and surgeons and for the punishment of offenders against this act, and to repeal acts and parts of acts in conflict therewith," are hereby amended so as to read as follows:

Section 1. The Governor shall appoint, by and with the advice and consent of the Senate, ten resident electors of the State, who shall constitute a Board of Registration in Medicine. Not more than five of the persons so appointed shall be from the school of medicine known as regular; not more than two of the persons so appointed shall be from the school of medicine known as homeopathic; not more than two of the persons so appointed shall be from the school of medicine known as eclectic; and not more than one of the persons so appointed shall be from the school of medicine known as physio-medical, and the Governor may select such appointees from the latest lists filed in the office of the Secretary of State at Lansing by each of the four legally incorporated State medical societies of the schools of medicine as herein mentioned aforesaid, such lists to be certified to under oath of the president and secretary of each society respectively, and such lists to contain at least treble the number of names as each society has representatives on the board. But in the event that one or more of the societies above named, through their presidents or secretaries, shall from any cause neglect, omit or refuse to file as aforesaid, such lists or list, then and in that case the Governor shall appoint or fill the vacancies in said board without reference to such list or lists which the aforesaid society or societies have for any cause neglected, omitted or refused to file with the Secretary of State, as herein mentioned aforesaid; but the number of representatives from each of the schools of medicine shall be the same as provided for in this act. All persons so appointed shall be legally registered physicians of this State, shall be graduates in good standing of reputable medical colleges, and shall have been actively engaged in the practice of medicine in this State for at least six years immediately preceding the time of such appointment. The ten persons so appointed shall be appointed in two classes, each class to consist of five persons. The first class shall consist of those physicians appointed by the Governor under act number two hundred thirty-seven, laws of eighteen hundred ninety-nine, October first, A. D. nineteen hundred one, who shall serve during the time for which they were so appointed, namely: To October first, nineteen hundred five; and the second class shall be appointed to hold office for four years beginning with the first day of October of the present year, and both classes shall hold office until their successors are appointed; and thereafter the Governor shall appoint, before the first day of October of each biennial period, five persons qualified as aforesaid, in each class, to hold office for four years from the first day of October next ensuing. No member of said board shall belong to the faculty of any medical college or university. The Governor shall also fill vacancies occasioned by death or otherwise, and may remove any member for the continued neglect of duties required by this act. Vacancies in said board shall be filled in accordance with the provisions of this act for the establishment of the original board, and a person appointed to fill a vacancy shall hold office during the unexpired term of the member whose place he fills. The business of said board shall be transacted by and receive the concurrent vote of from at least seven members.

Section 3. On and after the date of the passage of this act, all men and women who wish to begin the practice of medicine and surgery in any of its branches in this State, shall make application to the State Board of Registration in Medicine, to be registered and for a certificate of registration. This registration and certificate shall be granted to such applicants as shall give satisfactory proofs of being twenty-one years of age and of good moral character, but only upon compliance with at least one of the following conditions contained in subdivision one, two and three of this section:

First: That applicant shall be registered and given a certificate of registration if he shall satisfactorily pass an examination before the board upon the following subjects: Anatomy, physiology, chemistry, pathology, materia medica and therapeutics, toxicology, histology, practice of medicine, surgery, obstetrics, gynaecology, mental and nervous diseases, diseases of the eye, ear, nose and throat, bacteriology, hygiene, public health

laws of Michigan and medical jurisprudence; said examination to be conducted as follows:

(a) The applicant shall pay a fee of twenty-five dollars prior to examination: Provided, That the examination fee for graduates of any medical school in the State of Michigan, approved by said board, shall be the sum of ten dollars.

(b) The examination shall be in writing, oral, or both.

(c) The questions on all subjects, except in materia medica and therapeutics and practice of medicine, shall be such as may be answered alike by all schools of medicine.

(d) The applicant shall, if possible, be examined in materia medica and therapeutics and practice of medicine by those members of the board or by a qualified examiner appointed by the board, belonging to the same school as the applicant, and no applicant shall be rejected because of his adherence to any particular system of practice.

(e) An average percentage of at least seventy-five per cent of correct answers shall be required from every candidate. No additional fee shall be charged by this board for the registration of those who successfully pass such examination: Provided, however, that such applicant for examination shall have a diploma from a legally incorporated, regularly established and reputable college of medicine within the states, territories, districts and provinces of the United States, or within any foreign nation (provided such foreign nation accord a like privilege to graduates of approved medical colleges of this State) having at least a four years' course of seven months in each calendar year, as shall be approved and designated by the Board of Registration in Medicine: Also provided, that such applicant shall have, previous to the beginning of his course in medicine, a diploma from a recognized and reputable high school, academy, college or university, having a classical course, or shall pass an examination equivalent at least to the minimum standard of preliminary education adopted and published by the board before examiners appointed by and in accordance with the regulations of aforesaid board, and at such time and place as the board may designate: Provided, a student entering a college in Michigan, having a preliminary examination of a standard approved by the Board of Registration in Medicine shall not be required to take this examination: Provided, that this requirement of preliminary education shall not apply to those students who, on the date of the passage of this act, were regularly registered as students of legally organized and reputable medical colleges approved of by said board: And provided, also, that the requirement of medical education shall not apply to those graduates of legally organized and reputable medical colleges approved of by said board who had graduated from such colleges, previous to the date of the passage of this act; and students complying with the other provisions of this section who on January first of the present year were regularly registered as students of legally organized and reputable medical colleges of this State, approved of by said board, may obtain a certificate of registration as graduates of such colleges, and without examination by the board upon payment of a fee of ten dollars. The Board of Registration in Medicine shall, from time to time, adopt and publish a minimum standard of medical education, and no medical college shall be approved and designated by said board under this subdivision one of section three unless, in the judgment of the board, it conforms with such standard.

Second: The applicant shall be registered and given a certificate of registration if he shall present a certified copy or certificate of registration or license which has been issued to said applicant in any foreign nation where the requirements of registration shall be deemed by said Board of Registration in Medicine to be equivalent to those of this act: Provided, such country shall accord a like privilege to holders of certificates from this board. The fee for registration from applicants of this class shall be twenty-five dollars.

Third: The applicant shall be registered and given a certificate of registration if he shall present a certified copy of certificate of registration or license which has been issued to said applicant within the states, territories, districts or provinces of the United States where the requirements for registration shall be deemed by the Board of Registration in Medicine to be equivalent to those of this act, and shall otherwise conform to the rules and regulations agreed upon between the State Board of which he is a licentiate and said board relative to the recognition and exchange of certificates between states: Provided, such states shall accord a like privilege to holders of certificates from this board. The fee for registration from applicants of this class shall be twenty-five dollars.

Fourth: If any person shall unlawfully obtain and procure himself to be registered under this section, either by false and untrue statements contained in his application to the Board of Registration in Medicine, or by presenting to said board a false or untrue diploma or license, or one fraudulently obtained, he shall be deemed guilty of a felony, and on conviction thereof shall be punished by a fine of not less than three hundred dollars nor more than five hundred dollars, or imprisonment at hard labor for not less than one year, nor more than three years, or both, at the discretion of the court, and shall forfeit all rights and privileges obtained or conferred upon him by virtue of such registration as a physician or surgeon.

Fifth: Any person who shall swear falsely in any affidavit or oral testimony made or given by virtue of the provisions of this act, or the regulations of the board of registration in medicine, shall be deemed guilty of perjury, and upon conviction thereof shall be subject to all the pains and penalties of perjury.

Sixth: The Board of Registration in Medicine shall refuse to issue a certificate of registration provided for in this section to any person guilty of grossly unprofessional and dishonest conduct of a character likely to deceive the public, and said board shall, after due notice and hearing, revoke a certificate issued subsequent to the date of the passage of this act, or subsequent to the date of the passage of act number two hundred thirty-seven of the public acts of eighteen hundred ninety-nine, for like cause or for offenses involving moral turpitude, habitual intemperance, the drug habit, or for fraud or perjury in connection with obtaining of a certificate of registration, or for a certificate obtained or issued through error, when such offenses shall have been legally estab-

lished in a court of competent jurisdiction: And provided further, after the passage of this act the board may at its discretion revoke the certificate of registration, after due notice and hearing of any registered practitioner who inserts any advertisement in any newspaper, pamphlet, circular, or other written or printed paper, relative to venereal diseases or other matter of any obscene or offensive nature derogatory to good morals.

Section 7. Any person who shall practice medicine or surgery in this State without first complying with the provisions of this act, or any person who shall violate its provisions (except as heretofore provided in section three of this act), shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than one hundred dollars, or by imprisonment in the county jail for a period of not more than ninety days, or by both such fine and imprisonment, for each offense. It shall be the duty of the prosecuting attorneys of the counties of this State to prosecute violations of the provisions of this act.

In force September 17, 1903.

MANISTEE SALT AND MINERAL BATH CO.,

MANISTEE, MICHIGAN.

The newly discovered and already famous water at Manistee has an individuality entirely it's own and is without doubt the most powerful of it's kind in the country. As a specific in the cure of Rheumatism, Skin, Liver, Kidney, Stomach and Nervous Diseases it has no equal.

The situation of Manistee, in the heart of Michigan's famous fruit and resort section, makes it the first city in the United States to offer the advantages of a Mineral Bath Treatment together with the pleasures of a summer outing in the most delightful climate in the world.

Let us send you our booklet containing interior views of the finest Bath house in Michigan, the analysis of the water, etc.

We will refer you to the physicians of Manistee, all of whom have been closely identified with the development of this water as a curative agent.

MINNESOTA.

CAPITAL, ST. PAUL.

Population of State, 1,751,394.
(U. S. Census of 1900.)
Number of Physicians, 2,000.

Minnesota derives its name from the river which was named "Minisota" by the Dakotas, pronounced "Min-nee-sotah," applied to the stream, in its natural state in the summer season, after the waters were cleared from the roiling caused by the spring floods. Mini, water; sotah, sky-colored. Apparently, to secure the correct pronunciation in English letters, the convention called at Stillwater, in 1848, for the purpose of procuring a territorial organization, instructed their delegates to see that the name of the Territory should be written Min-ne-so-ta.

Geographically, Minnesota occupies the exact center of the continent of North America, midway between the Atlantic and Pacific oceans, and also midway between Hudson Bay and the Gulf of Mexico. This State is bounded on the south by Iowa, on the west by South and North Dakota, on the north by Manitoba and Ontario, and on the east by Wisconsin. It extends from latitude 43 degrees 30 minutes to 49 degrees 24 minutes, and from 89 degrees 29 minutes to 97 degrees 15 minutes west longitude. From its southern boundary to the northern is about 400 miles, and from its most eastern to the extereme western point about 354 miles.

Minnesota is, in area, the tenth State of the Union. It contains 84,287 square miles, or about 53,943,379 acres, of which 3,608,012 acres are water. In altitude it appears to be one of the highest portions of the continent, as the headwaters of three great river systems are found in its limits, those of streams flowing northward to Hudson Bay, eastward to the Atlantic ocean, and southward to the Gulf of Mexico.

About half of this surface, on the south and west, consists of rolling prairie, interspersed with frequent groves, oak openings and belts of hardwood timber, watered by numberless lakes and streams, and covered with a warm, dark soil of great fertility. The rest, embracing the elevated district immediately west and north of Lake Superior, consists mainly of rich mineral ranges and of the pine forests which clothe the headwaters of the Mississippi, affording very extensive supplies of lumber. There is but a very small percentage of broken, rocky or worthless land in the State. Nearly all is arable.

Surveys with leveling from the sea show that the shore of Lake Superior is the lowest land in the State, 602 feet above sea level. The waters of the northeastern part of the State south of the Mesabi iron range flow into Lake Superior and are carried to the Atlantic ocean. The Mississippi river, having its chief source in Lake Itasca, at 1,466 feet elevation, runs in a southerly direction, leaving the State at 620 feet above sea level.

The Red River of the North, rising in the north, near Itasca Lake, at a height of 1,600 feet above the ocean, after a circuitous route south and west to Breckenridge, in Wilkin county, and then flowing north along its great valley, leaves the State at an elevation of 750 feet. The average elevation of the State is given at about 1,275 feet. The highest elevation is the Misquah hills, in Cook county, 2,230 feet.

The elevation of Minnesota above the sea, its fine drainage, and the dryness of the atmosphere, gives it a climate of unusual salubrity and pleasantness. It has an annual mean temperature of 44 degrees, while its mean summer temperature is 70 degrees, the same as that of Middle Illinois and Ohio, Southern Pennsylvania, etc. The excessive heats of summer often felt in other States are here tempered by the cooling breezes. Its high latitude gives it correspondingly longer days in summer than States further south, and during the growing season there are two and one-half hours more sunshine than in the latitude of Cincinnati. This, taken in connection with the abundant rainfall of early summer, accounts for the rapid and vigorous growth of crops in Minnesota, and their early maturity. The cool breezes and cool nights in summer prevent the debilitating effects of heat on the system often felt in low latitudes. The winter climate is one of the attractive features of the State. Its uniformity, and prevailing freedom from thaws and excessive spells of cold, severe weather or heavy snow storms, and its dryness, together with the bright sunshine and electrical condition of the air, all tend to enhance the personal comfort of the resident, and make outdoor life and labor a pleasure.

The following table shows the increase in population for 50 years:

1850.....	6,077	1880.....	780,773
1860.....	172,023	1890.....	1,301,826
1870.....	439,706	1900.....	1,751,394

SYNOPSIS OF MEDICAL LAWS RELATIVE TO REGISTRATION.

Section 1 provides for the appointment by the Governor of a State Board of Medical Examiners composed of nine members.

An examination is required of each and every one before a license is granted to practice medicine in Minnesota. The law requiring such procedure went into effect July 1st, 1887, and has been enforced since that date.

Each applicant is required to make an affidavit setting forth his age, place of residence, time and place of each course of lectures, and date of graduation. If the applicant is a graduate in medicine, his affidavit must be corroborated by the exhibition of his diploma or a certificate from the Dean ofthe Medical College showing that he is a graduate. Applicants who are non-graduates are required to corroborate their affidavits by exhibiting their cards of attendance at lectures or by certificate from the Dean.

PHYSICIANS prescribing VAN VLECK'S Animal Remedies obtain remarkable success in the diseases mentioned on page 41.

Each applicant, if he graduated after January 1st, 1899, or completed his final course of lectures after January 1st, 1899, must show proof that he has attended four full courses of lectures at a recognized medical college, each course covering a period of not less than 26 weeks and no two courses being within the same year.

Each applicant if he graduated after July 1st, 1887, and prior to January 1st, 1899, or completed his final course of lectures during that period, must show proof that he has attended three full courses of lectures at a recognized medical college, each course covering a period of not less than 26 weeks, and no two courses being within the same year

Applicants who graduated at a recognized medical college prior to July 1st, 1887, must show proof of having attended two courses of lectures at a medical college.

After January 1, 1902, applicants for license to practice medicine and surgery in the State of Minnesota must present evidence of having attended four (4) full courses at a medical college recognized by the Minnesota State Board of Medical Examiners, of at least twenty-six (26) weeks each, no two courses being in the same year.

Graduates of medical colleges granting advance standing for work done at other than medical colleges shall not be eligible to the examinations given by this Board.

Provided, that above shall not apply to such students as have been granted advanced standing prior to September, 1901.

A fee of ten dollars must be paid at the beginning of the examination This fee is not returned in case of failure.

Candidates from all schools shall answer in common all questions submitted except the questions on materia medica which are adapted to the school of practice accepted by the candidate. The answer papers upon subjects peculair to any one school of medicine are sent to the members of this board who are representatives of such school.

Candidates shall submit to an examination in the following branches, to-wit: Anatomy, physiology, chemistry, histology, materia medica, therapeutics, preventive medicine, practice of medicine, surgery, obstetrics, diseases of women and children, diseases of the nervous system, diseases of the eye and ear, medical jurisprudence, and such other branches as the Board shall deem advisable.

Note.—The Medical Act does not provide for the endorsement of other state licenses.

ESTABLISHED 1870.

THE NORTHWESTERN LANCET

MINNEAPOLIS, MINNESOTA.

PUBLISHED ON THE 1st AND 15th OF EACH MONTH.

THE **LANCET** has a larger field than any other minor medical journal in the country. It circulates throughout the great Northwestern Empire, from Minnesota to the Pacific coast; and its high standing in the profession and among advertisers is attested by the long-continued hold it has maintained upon each of them. Over fifty per cent of the advertisers now represented in the journal were its patrons, and some of them long had been, when the present publisher took charge of it in 1887.

The following extracts are taken from the annual addresses of two presidents of the Minnesota State Medical Society:

> In a time of profuse and cheap journalism, when we are nearly deluged with medical literature of every grade, much of it of little honor to our calling, we have cause for congratulation that one of the brightest journals of the country bears the standard of the Northwestern profession. It has grown to a creditable and representative journal, prized by the whole profession of the Northwest at home, and generally respected and quoted abroad. Its pages fairly index the progress of matters medical in our State during the past few years.
>
> J. H. DUNN, M. D., Minneapolis.

> Our State is to be congratulated upon having so excellent an organ in its midst; and its editors and publishers should be thanked by this society for the literary and artistic merit of the journal. Not only in medical literature but in medical education are we to be felicitated.
>
> W. J. MAYO, M. D., Rochester, Minn.

The following came to us, wholly unsolicited, from one of the oldest, most highly respected and most scientific physicians in Minnesota:

> I am more than well pleased with the LANCET. The profession of this State and the Northwest have reason to be satisfied with its present excellent management.
>
> FRANKLIN STAPLES, M. D., Winona. (Sept. 3. 1901.)

THE

St. Paul Medical Journal.

BECAUSE

1st. It is controlled by a Medical Society.

2nd. Its object is to support a medical library, which is open to all physicians.

3rd. Its advertising pages are clean — it prints no "reading notices" concerning pharmaceutical preparations. Its advertising pages are distinct from its reading matter.

4th. It publishes the best medical literature produced in the northwest.

5th. It furnishes abstracts of the most important current medical literature of the world, making a special feature of the Scandinavian literature, which cannot be found elsewhere in English.

6th. It is a Medical Journal owned and published by medical men in the interest of, and for the advancement of, the medical profession of the northwest.

$2.50 PER YEAR.

Issued Monthly by the Ramsey County Medical Society, Lowry Arcade, ... **St. Paul, Minnesota.**

MISSISSIPPI.

CAPITAL, JACKSON.

Population of State, 1,551,270.
(U. S. Census of 1900.)
Number of Physicians, 1,696.

Mississippi was organized as a territory April 7, 1798, and admitted as a state, December 10, 1817. The total land surface is, approximately, 46,340 square miles, the average number of persons to the square mile at the censuses of 1890 and 1900 being as follows: 1890, 27.8; 1900, 33.5. It extends from 30° 20′ to 35° north latitude, and from 88° 12′ to 91° 40′ west longitude, and is bounded on the north by Tennessee, on the south by Louisiana and the Gulf of Mexico, on the east by Alabama, and on the west by Arkansas and Louisiana. The climate is warm, the winters being short and mild,

the summers long and hot. The mean annual temperature as observed at Vicksburg is 65.57°, that of the summer 80.52°, and of the winter, 50.45°. The average annual rainfall is about 54 inches, ranging from 48 inches in the northwest to 64 on the Gulf coast. The northeastern is the highest part of the state and forms an undulating table land, which slopes gently down towards the west and south and terminates with steep bluffs on the banks of the Mississippi and Yazoo rivers. In several places these bluffs approach close to the river; in others a broad belt of swampy bottom lands extends along their base. The northwest part of the state includes the largest of these swampy regions, which are extremely fertile. The state is well watered. The principal rivers are the Mississippi and its tributaries, the Yazoo, Big Black, Tallahatchie, Sunflower, Bayou Pierre, Yallabusha and Homochitto, and their tributaries, the Pearl, which empties into the Mississippi sound, the Pascagoula river, which is formed by the Leaf and Chickasawha rivers and empties into the Gulf, and the Tombigbee, which drains the northeastern portion. The Tennessee river touches the northwest corner of the state for about fifteen miles. The soil is very fertile, and the vegetation luxuriant.

The following table shows increase in population for 70 years:

1830.....	136,621	1870.....	827,922
1840.....	375,651	1880.....	1,131,597

SYNOPSIS OF MEDICAL LAW.

Chapter 104, Annotated Code, 1892. "Every person who desires to practice medicine must first obtain a license to do so from the State Board of Health. If any person shall practice as a physician or surgeon, without having first been examined and obtained a license as required by law, he shall, on conviction, be fined not less than $20 nor more than $200, or be imprisoned in the county jail not exceeding thirty days. Every person who desires to obtain a license to practice medicine must apply therefor to the State Board of Health, and must be examined by said Board touching his learning in the following branches of medicine only, viz., anatomy, chemistry, obstetrics, materia medica, physiology, pathology, surgery, and hygiene; and, if the applicant be found by the Board, upon examination, to possess sufficient learning in said branches and be of good morals, the Board shall at once issue to him a license to practice medicine, which shall be signed by each member who approves of its issuance.* * * Every person who shall apply for license to practice medicine, shall, before he will be entitled to be examined, pay a fee of $10.25, of which $10 are to be divided equally among those members of the Board who attend and conduct the examination of the applicant, and 25 cents to be paid to the secretary of the Board for filing and preserving the application for license. Every person who receives a license to practice medicine must file it in the office of the clerk of the Circuit Court of the county in which he resides within sixty days from the date of its issuance; otherwise it shall become void. The secretary of the State Board of Health may issue under his signature a temporary license to anyone to practice medicine, which shall be valid until the next meeting of the Board for examining applicants; and such license shall show that date of its issuance, otherwise it shall become void. Only one temporary license shall ever be issued to the same person, and it shall always be made to an individual and not to a partnership. The secretary shall be entitled to 25 cents for such license, and the same shall be recorded as a permanent license is required to be, under like penalty for failure." Secretary State Board of Health, Dr. John F. Hunter, Jackson.

Section 1. Chap. 79, Acts 1898. Be it enacted by the Legislature of the State of Mississippi, that section 3246 of the Annotated Code of Mississippi be amended to read as follows: The State Board of Health shall meet at the capitol twice in each year, at such time as may be designated by the Board, for the purpose of examining applicants for license to practice medicine, and shall continue in session until all applicants are examined and the examinations are approved or disapproved. All examinations as to applicant's learning shall be upon written questions and answers, and distinction shall not be made between applicants because of the different systems of schools or practice that may be chosen." The board has selected the second Tuesday in May and October to hold the examinations. —Journal of the American Medical Association.

MISSOURI.

CAPITAL, JEFFERSON CITY.

Population of State, 3,106,665.
(U. S. Census of 1900.)
Number of Physicians, 6,367.

Missouri was organized as a territory December 7, 1812, and admitted as a state August 10, 1821. It is bounded on the north by Iowa, on the south by Arkansas, on the east by the Mississippi river, which separates it from Illinois, Kentucky and Tennessee, and on the west by Indian Territory, Kansas and Nebraska. This is one of the most diversified of western states as to soil, products, climate and surface and extends through four and one-half degrees of latitude. The elevation of the land varies from 287 feet in the southeast to 3,000 feet at Cassville. The Mississippi forms its eastern frontier and the Missouri borders it for a long way on the west. A line drawn from Hannibal to the southwestern corner of Missouri separates the prairie region of the north and west from the forest region on the east and south. North of the Missouri is a region of broken land with forests in the east and along the great rivers, and the rest is occupied by wide rolling prairies well watered and productive, and in effect a prolongation of the plains of Illinois and Iowa. Similar high grassy plateaus run west from the Ozark Mountains, and from the Missisippi to the Big Black. South of the Missouri the forests of the east are offset by these open prairies of the west, with large rivers, like the Osage and Gasconade, running northeast into the Missouri.

The Ozark Mountains run from the Missouri river east of the Osage, southwest into Arkansas and Kansas, changing from isolated hills and knobs to the high and arable tablelands of the west.

A large part of the state was originally covered with woodlands, oaks and elms, hickories, and maples in the north, huge cypresses and sycamores, cottonwoods, and gum-trees in the south, with scattered forests of red cedars and pines, pecans and persimmons. Great quantities of hardwood lumber are cut every year. The south counties contain immeasurable forests of yellow pine and live oak.

The Osage river is a noble stream flowing from Kansas to the Missouri river, navigated by steamboats to Tuscumbia (60 miles) and sometimes as far as Warsaw (170 miles). It has a yearly commerce of $600,000 in railway ties, rafts of oak and walnut logs, and steamboat freights, which has greatly increased.

In the south there are many mammoth springs, bursting from the ground with great force, and pouring their crystal

floods down to the winding rivers. Sweet Springs, midway between Kansas City and Jefferson City, is the most fashionable watering-place in Missouri, with several valuable saline and sulphur springs, huge baths of salt water, and a hotel and cottages amid velvety lawns and a park of forest-trees, 500 feet above St. Louis, and near the Black Water river. Pertle Springs, in the same region, has the large Minnewawa Hotel and summer cottages. The Windsor Springs, with its calcic waters, the Sulphur Springs, and the famous Montesano Springs are in the region of the Meramac. El Dorado Springs, down in the southwest, are a group of chalybeate waters, with large efficacy in healing rheumatism and dyspepsia and other chronic diseases. The Chouteau, Monagaw, Cheltenham and Elk waters are sulphurous.

The climate is full of extremes, being devoid of moderating sea-air or sheltering hill ranges. It is dry, owing to the rapid evaporation; and the sky is usually clear and bright. The least rain falls in April.

The following table shows the increase in population since 1810:

1810	20,845	1860	1,182,012
1820	66,557	1870	1,721,295
1830	140,455	1880	2,168,380
1840	383,702	1890	2,679,184
1850	682,044	1900	3,106,665

SYNOPSIS OF MEDICAL LAWS.

Extract from law approved March 12, 1901, and taking effect June 16, 1901:

Sections 3 and 4. All persons desiring to practice medicine or surgery in this state or to treat the sick or afflicted as provided in section 1 of this act, shall appear before the State Board of Health at such time and place as the Board may direct, and shall be there examined as to their fitness to engage in such practice. All persons appearing for examination shall make application in writing to the Secretary of said Board thirty days before the meeting. They shall furnish satisfactory evidence of their preliminary qualifications, and shall also furnish evidence of good moral character. The medical examination may be in whole or in part in writing and shall be of elementary and practical character but sufficiently strict to test the qualifications of the candidate as a practitioner, and shall embrace the subjects of anatomy, chemistry, physiology, pathology, therapeutics, obstetrics, gynæcology, surgery, practice of medicine, medical jurisprudence, and hygiene, and such other branches as the State Board may direct.

"The candidate shall be required to answer 75 per cent of such questions as are asked him before being granted a certificate. Provided, however, that the examination of any applicant in therapeutics shall be conducted by the member or members of said Board who represent the system of medicine of which said applicant has been a student. If there shall be no representative of the school or system of which the applicant has been a student, the examination in therapeutics shall be conducted by an examiner appointed for that purpose by the Governor of Missouri, but all examinations other than that in therapeutics shall be conducted as heretofore provided in this act. The Board of Health shall issue to such persons as they find upon examination to possess the requisite qualifications a license to practice medicine and surgery in accordance with the provisions of this act, and the State Board of Health shall not be permitted to favor any particular school or system of medicine, but all applicants shall be subjected to the same examination, and the same degree of proficiency shall be required of all."

Section 4. Every person holding a license from the State Board of Health shall have it recorded in the office of the county clerk of the county in which he resides, and the record shall be endorsed thereon. Any person removing to another county to practice medicine and surgery shall have his license recorded in the office of the clerk of the county to which he removes, and the holder of said license shall pay to said clerk of said county the usual fee for making the record.

Fee for examination, $15, re-examination free within 12 months. License must be recorded within 20 days with the county clerk, fee $1; in St. Louis with the Health Commissioner. Board meets for examinations quarterly, on January 1st of each year at Jefferson City, and at other points as the president and members of the Board select.—Journal of the American Medical Association.

MONTANA.

CAPITAL, HELENA.

Population of State, 243,329.

(U. S. Census of 1900.)

Number of Physicians, 373.

Montana was organized as a territory May 26, 1864, and admitted as a State November 8, 1889. It extends from 104 degrees to 116 degrees west longitude and from 44 degrees 25 minutes to 49 degrees north latitude and is bounded on the north by the British Possessions, on the east by the Dakotas, on the south by Wyoming and Idaho and on the west by Idaho. The great area of the State can be better appreciated by giving its width north and south as 275 miles and its average length east and west 535 miles and calling attention to the fact that it is the third largest of the States of the Union. Less than one-third of its area is occupied by the Rocky Mountains, and the lesser ranges and spurs, and the other two-thirds is about equally divided between range and agricultural lands.

Besides the three great rivers, the Missouri, the Yellowstone and the Columbia, there are a number of other noble streams, notably the Jefferson, Madison, Musselshell, Gallatin and Deer Lodge Rivers, as well as many smaller rivers and thousands of mountain streams. The climate is milder than the latitude and elevation would seem to indicate, the mean annual temperature as observed at Helena being 43.04 degrees, that of the summer 70.28 degrees and of the winter 19.16 degrees. The following table shows increase in population since 1870:

1870	20,595	1890	132,159
1880	39,159	1900	243,329
